

Authorized Contact Form

Authorized contacts are granted permission to make certain changes to the business record and provider records associated with their Amplifon contract. These changes can include demographic changes (address, phone, etc.) to clinic locations or adding new locations, requesting to add providers to the business' Amplifon contract and terminating providers from the Amplifon contract. Authorized Contacts are NOT able to terminate the business' Network Participation Agreement with Amplifon. The business owner must contact a Credentialing representative to initiate termination of the Agreement.

***** PLEASE NOTE: This form does NOT grant access to MYAMPLIFONUSA.com *****

Authorized Contact Form

Please Note: By signing this form, you authorize the above listed contact to make changes to your Amplifon contract including addition or termination of providers and locations. This does NOT authorize the above listed to signing authority for Network Participation Agreements, provider credentialing or re-credentialing applications.

If you need an account created for access to myamplifonusa.com, please contact your Provider Relations Representative for a FOA Release Form.

*****Must be signed by the business owner or authorized contact.**
